

DeskCabby Specification Sheet

DESKCAB12

Capacity:

- Stores, charges and simultaneously synchronises 12 tablets with or without protective cases
- Accommodates all USB - powered tablets including iPad, Android tablets, Kindle Fire, Learnpad and more*

Exterior Design:

- Classroom friendly
- Retractable metal door
- Handles at the side of the DeskCabby
- Moulded aluminium extrusion
- Smooth rounded plastic corners to protect tablets inside during movement

Interior Design:

- LED indicators for charging and syncing status
- Clear plastic dividers

Cable Management:

- Space-saving USB cable management keeps the cables neat, tidy and hidden away
- Cables cannot be removed from the front of the unit to prevent cables from going missing, rear access only
- Power is supplied to the DeskCabby by a 2 metre mains cable with detachable IEC lead

Power Management & Synchronisation:

- Sync your apps, media and usable content through iTunes and Apple configurator from your office, home or classroom
- Easy-to-install updates ensure your cabinet can charge and sync all the latest tablets
- The Charge & Sync functionality is provided by the U12S Cambrionix technology enclosed
- The intelligent charging allows you to charge multiple types of devices at the same time ensuring they all get the right amount of power
- Devices of the same type can also be synchronised all in one go saving you time when deploying apps and content
- Stack and connect up to three cabinets for increased charging and syncing capabilities
- The future proof design means that the boards are upgradeable so they can keep up with the current technology available
- When the device is fully charged but still plugged into the power supply our intelligent charging system will stop delivering power. Only when the device reaches the point of requiring additional charging will the charging system deliver any more power. When the device battery reduces to a certain level recommended by tablet manufacturers our board detects when the device requires power and provides it until the devices are fully charged again

Air Ventilation:

- Fan inside keeps tablets cool when tablets are charging

Safety & Security:

- The DeskCabby has a front lock and separate lock for the rear which are opened by the same key. Security locking point at the base of the unit

Dimensions:

- Unit size: W496 x D398 x H330mm
- Maximum storage area per tablet: W29.4 x D270 x H222mm

Warranty:

- Lifetime on all parts
- 2 years on all electrical parts
- Supplied fully assembled
