Cashmaster **sigma** 105

If you count cash, then a Sigma 105 can help you!

The Cashmaster Sigma 105 is a fast and accurate count-by-weight 'cash-counting' machine specifically designed to allow your business to save time, money and improve accountability.

Designed for single till use, the Cashmaster Sigma 105 assists with cashing up, float preparation, instant checks and banking.

Our weight-based 'cash-counting' solutions can help your business work more efficiently and are proven to prevent cash loss or shrinkage. Counting by weight is considerably faster and easier than counting by hand and highly accurate. Additionally, our products can count notes and coins, and instantly reconcile takings allowing you to conduct on-the-spot audit checks.

Money counting by hand can be a time consuming and labour-intensive task where mistakes can be common.

Using a Cashmaster Sigma 105 count-by-weight 'cash-counting' machine is a fast, simple, highly accurate method of counting cash. Time is money, so let Cashmaster save you both.

Every Cashmaster count-by-weight machine is built to the highest standard with the most advanced technology. They are lightweight, durable and portable with silent operation and a small footprint, making them ideal for various sectors such as retail and banking, in an office or even a front-of-house environment.

Your trusted global partner

Cashmaster International is a global company specialising in count-by-weight 'cash-counting' products and solutions. Established in 1977, all of our 'cash-counting' machines are designed and manufactured in Scotland.

We have offices in Europe, Hong Kong and the USA with distributors across the world. Our clients include some of the world's largest Blue Chip international companies in the retail, banking and restaurant sectors, to name a few.

We pride ourselves on our high level of customer service, before and after-sales care and building relationships to find the best solution to suit each client's requirements.

To find out more or to arrange a free trial, please contact us and we would be happy to assist you.
